

Refill your  
**96 tip rack**  
with a simple  
**lift and snap!**

Labcon is the world leader in Earth Friendly® disposable laboratory plastics.

Their pipette tips fit a variety of pipettes, including single-channel, multichannel, and electronic pipettes.

The Labcon Eclipse™ Refill System makes waste management easier, takes up less time, and allows your laboratory to achieve environmental goals.

**Facts about Eclipse™ Tips**

- Flexible & wide sealing
- Secure fit on major pipette models
- Sterile or non-sterile options available
- Autoclavable at 121°C
- Manufactured from flexible polypropylene
