

Mycotoxin Testing Solutions

Lasec®, in partnership with Romer Labs®, offers a comprehensive portfolio of mycotoxin test kits that are available in qualitative and quantitative formats, suitable for on-site testing or laboratory use.

AgraStrip® Pro WATEX® Test System

AgraStrip® Pro WATEX® test strips, paired with the **AgraVision™ Pro Reader**, allows users to test up to 4 different mycotoxins simultaneously in a streamlined manner. Results are achieved in only 4 minutes.

The **AgraVision™ Pro Reader** has a built-in incubator and is dust and dirt resistance to ensure accurate results.

AgraStrip® Pro WATEX® test kits on offer:

	<p>AGRASTRIP® PRO T-2/HT-2 WATEX®</p> <p></p>		<p>AGRASTRIP® PRO OCHRATOXIN A WATEX®</p> <p></p>
