Molecular Controls

For accurate Women's Health and STI Testing

At Lasec®, we are dedicated to providing the best solutions for your diagnostic needs. We understand the importance of accuracy and ease of use for lab technicians, which is why we offer ZeptoMetrix® NATtrol™ third-party molecular controls.

Trusted globally for **Women's Health** and **STI Testing**, these ready-to-use, refrigerated products are formulated with purified, intact organisms to replicate clinical specimens.

The Zeptomatrix® range includes quantitative and qualitative controls and panels for:

- *Bacterial vaginosis*
- *Chlamydia trachomatis*
- *Group B Streptococcus*
- *Mycoplasma genitalium*
- *Neisseria gonorrhoeae*
- *Trichomonas vaginalis*

Other organisms also available upon request.

With ZeptoMetrix®, you can ensure your patients receive reliable, trustworthy results.
